

# Bronze and Granite Markers

Mount Pleasant  
Group of Cemeteries

For almost 200 years, our organization has helped hundreds of thousands of families place distinctive and meaningful memorials. Memorials are available at all of our 10 cemetery offices located across the Greater Toronto Area.

## Vases

A selection of vases made from aluminum and bronze are available. The vases are installed in the ground in front of your marker. Alternatively, if you choose a bronze marker, you have the option of having the vase placed within the marker.

Each vase includes an underground container which allows the vase to be overturned when not in use. Vases should be turned down during winter months.

Pearl Blue

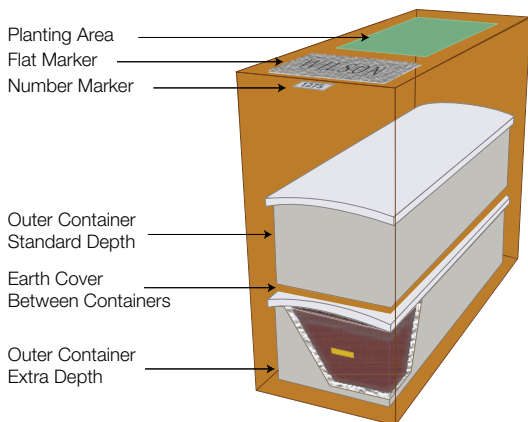

Green

Mahogany

## Ground Burial

Options for ground burial include single graves or lots composed of two or more graves. An illustration of an adult single grave with a flat marker is shown below.

## By-laws

Markers must be made of bronze or granite material and set flush with the ground for maintenance reasons.

Bronze markers must be attached to a concrete or granite base. Concrete bases shall be built by the cemetery in the designated marker space at the expense of the purchaser.

Granite markers and bases must be a minimum of 3" in thickness.

Photoceramics or other photograph attachments are not permitted on markers set flush with the ground or on vases due to the danger of them becoming damaged or broken.

Note: Markers can be ordered right away, but cannot be placed until the grave has settled.

Mount Pleasant Group of Cemeteries does not endorse any independent dealers. If contacted, please call one of the cemetery offices to ensure you are speaking to us.

# Mount Pleasant Group of Cemeteries prides itself in providing:

- Expert craftsmanship and carvings
